SUMMARY

Brand designer with 5+ years of experience across brand, web and performance design for SaaS and marketing teams. At BiteSpeed, raised ad click-through rates by 50%+, cut cost per demo by 50% and lifted landing page PageSpeed from 50 to 80–84. Previously Senior Visual Designer at CloudEagle.ai, leading a team of three and reporting to the CEO. Works across Figma, Adobe, Webflow and Framer.

EXPERIENCE

Oct 2025 – now

BiteSpeed · Remote

Brand Designer

- Lead brand and performance design across the website, paid ads and social media for a high-growth SaaS platform with 70K–80K monthly visitors.
- Raised ad click-through rates by 50%+ (up to 100% on key campaigns) through creative experiments, motion assets and iterative visual testing.
- Cut cost per demo by 50% by improving ad creative, messaging hierarchy and how ads line up with their landing pages.
- Design and build high-converting landing pages in Webflow, from UI to deployment.
- Lifted the landing page PageSpeed Insights score from 50 to 80–84 through asset optimisation and performance best practices.
- Run Webflow site operations: demo booking flows, scheduling integrations, tracking setup and live issue fixes.
- Work with marketing on A/B tests to improve conversion rates and campaign ROI.
- Design collateral for offline events, including standees, posters and branded materials.

Nov 2023 – Oct 2025

CloudEagle.ai · Remote

Senior Visual Designer

- Led and mentored a team of three: one junior designer and two developers.
- Owned the design, development and deployment of all web operations.
- Guided creative direction across campaigns, go-to-market assets, landing pages and brand collateral.
- Worked closely with marketing and leadership to align design with business goals, reporting directly to the CEO on design performance and web strategy.
- Built scalable workflows and design systems to keep work efficient and consistent.

Aug 2021 – Oct 2023

Hexnode (Mitsogo Inc.) · Kochi

UI/UX Designer

- Revamped the Hexnode marketing website for better UX and full device responsiveness.
- Designed UI components and multiple pages for A/B testing experiments.
- Built the full event website for HexCon22, including inner pages and its design system.
- Created the brand video and marketing assets for MWC Barcelona 2023.
- Produced ads, social creatives, decks and mockups in line with the brand guidelines.

Apr 2020 – Jul 2021

Casper Academy · Remote

Graphic Designer

- Designed daily social media creatives in line with the brand voice and campaign goals.
- Created print materials: brochures, business cards, wall hangers and posters.

Jun 2020 – Sep 2023

Teaching

UI/UX Design Tutor, wibe creative academy Jan 2022 – Sep 2023

UI/UX Design Tutor, Superprof Jun 2020 – Aug 2021

- Helped people starting out in UI/UX design work out their first steps and land a first job.
